CITY OF CHICAGO.

TUESDAY MORNING, . . MARCH 20, 1855.

THE NEWS.

By the arrival of the Northern Light at New York, we have dates from San Francisco up to the 24th ult. The News is of a highly important nature. Page, Bacon & Co., Adams & Co., Wells, Fargo & Co., Robinson & Co. and Wright's Miners' Deposit Bank have all suspended. The telegraph gives the particulars. In this connection we direct attention to the letter of James C. Fargo, Esq., agent of American Express Company in this city, which will be found in another column.

We also have Havana dates this morning up to the 14th ult., and the news is interesting.

[illegible]

THE TIMES AND MAYOR BOONE.

[illegible]

The Chicago Times is a wonderful newspaper. It displays a "magnanimity of meanness" which we look for in vain among all its mills and water compeers and imitators, and which place it on a pinnacle of infamy high above their splish-splash. [illegible]

[illegible]

Mayor Boone needs no defence from our or any other pen. His deeds speak for him, and they have a tongue of eloquence and power. [illegible]

[illegible]

STARTLING FACTS.

There is not, probably, in the whole North West, to be found more beautiful, thriving villages, than those on the Fox River, in Kane County, Ill. [illegible]

[illegible]

"We had for last time, forty-six thousand and nine hundred and fifty dollars; paid out for alcoholic drinks, thirteen thousand six hundred and thirty-seven dollars and fifty cents. These sums added, amount to SIXTY-THOUSAND SIX HUNDRED AND THIRTY-SEVEN DOLLARS AND FIFTY CENTS. [illegible]"

[illegible]

[For the Chicago Daily Tribune.]

Valuable Dates.

Date of the times when some of the most glaring Anti-Christian dogmas of the "Roman Catholic Church," were discussed and fixed, as immutable parts of its "Canon-law"; [illegible]

"Invocation," or prayer "to Saints," first allowed,	A. D. 705
"Image, and picture-worship, first introduced,	A. D. 787
Infallibility of the Pope and Canonical Councils, decreed,	A. D. 1076
Transubstantiation, or the change of simple bread and wine, into the body and blood of "Our Lord and Saviour Jesus Christ," decreed,	A. D. 1215
Supremacy of the Pope, or Bishop of Rome, over all other Christian Bishops and Kings, decreed,	A. D. 1215
Half communion, or bread only for the Laity and bread and wine for the Priests, decreed,	A. D. 1415
Purgatory established, as a terrible money-making truth,	A. D. 1438
Apochryphal Bible, (accepting as canonical, a number of uncertain books on Jewish History, written before the advent of Christ,) adopted, as "the Douay or Catholic Bible,"	A. D. 1547
"The Seven Sacraments," defined and fixed,	A. D. 1547
Indulgences; (or written, or printed permissions to sin, by the purchasers thereof,) granted by the Pope; (afterwards sold in market-overt,)	A. D. 1563
"Venial-Sins," distinguished from "Mortal-Sins," by the Pope's Bull	A. D. 1563
"Sacrifice of the Mass," established	A. D. 1563
"Immaculate conception of the Virgin Mary"—"The Mother of God" decreed, by the Pope, Cardinals, and Bishops, assembled at Rome, in December,	A. D. 1854

Who will have the hardihood,—after looking over the above list of Canonical-fixtures, to say or even think, that, "the Church of Rome" is a vacillating Church? [illegible]

THE WAR IN THE CRIMEA.

DEFEAT OF THE RUSSIANS AT EUPATORIA

THE RUSSIANS REPULSED.

On Feb. 17th the Russians, who, under Gen. Liprandi had been for some time collecting around Eupatoria, attacked the Turks with a strong force. Omar Pacha, who had arrived by sea from Varna a few days before, took the command of the Turks, in person, and, after 4 hours fighting, the Russians drew off to a distance of 4 miles.

The following are the telegraphic dispatches that brought the intelligence to France and England:

The London Daily News was the first to announce the intelligence as follows:

"Bucharest, Feb. 23.

A messenger who left Eupatoria on the 17th Feb., and performed the journey from Varna to Bucharest in 36 hours, brings the following dispatch from your correspondent at Eupatoria:

February 17th.

The Russians attacked Eupatoria this morning. They were commanded by Liprandi, and their numbers were 20,000 infantry and 6,000 cavalry. [illegible]"

Distressing Accident.

A valuable and spirited bay horse became frightened early yesterday morning, and ran with great speed down State street. When near the South Market Hall, he fell with great violence and injured the knees of his fore-legs so badly that it was thought he could not recover. The blood was flowing copiously from his wounds when we saw him, and as he stood trembling from his recent excitement, panting from his race, and looking piteously at his injuries, he excited the pity and commiseration of all around. He was taken to a veterinary surgeon's and his wounds dressed.

Arrests for Violation of the Sunday Law.

Complaints were made to the Mayor on yesterday, of eighteen saloon and doggery keepers who endeavored to sell liquors on Sunday last, and the culprits will be brought before Justice Millikan to-day, for trial and punishment. The Mayor is determined that the laws shall be enforced, and they will be enforced.

ANOTHER SUICIDE—ALMOST.—A colored man named Alfred Smith, confined in jail for stealing twenty dollars, attempted to "shuffle off this mortal coil" last Saturday afternoon, by coiling a handkerchief around his neck and attempting to fasten the other end to one of the iron bars (apparently made for the purpose) at the top of his cell. The handkerchief broke—the darkey came down—and if like his prototype "he seed the hebenly gates," he certainly got no nearer to Abraham's bosom. He now concludes that he will wait for "the better time coming," that is promised to all the sons of Ham.

Theatre—Engagement of Mr. and Mrs. Richings.

These two well known and much admired individuals commenced their engagement at our theatre on last night, and were welcomed by a very good house.

They appear to-night in a bill of unusual attraction. It embraces the operatic drama of Louise Muller, and the Scottish drama of "The Lady of the Lake," in both of which pieces Miss Richings will sing a number of romanzas, arias, songs, choruses, etc. Miss Richings is well remembered here as a pleasing and able vocalist, and will undoubtedly draw large houses during her present engagement.

The steamer *Pacific* laid up at her dock yesterday, not being able to make her daily trip between this port and Milwaukee, on account of the weather. No vessel would have been able to live out such a gale as prevailed yesterday upon the lake. She will probably start this morning, if the weather seems favorable.

A sensible reply to a Love Letter.

The following is a verbatim copy of what appears to be an answer to a love letter, which we found in a portmonnaie, and which the owner can have by calling at this office. The portmonnaie contained no other article of value when found, though it may have been full when lost, for love often leaks out. We think the swain is a common sense gent, and understands of what he writes:

"Say, what is love?" &c. KATE.

"TO KATE:

Love is a young woman's sweet idolatry of a handsome young man who is willing to flirt. It is the first holy hour's moonlight vows that fall from his flattering tongue when he is conscious of lying. It is the concentrated sigh of two weary natures, when each has tired the other out with a night of courtship. It is the kiss of Southern gales wedded to an iceberg. It is the doubtful devotion of unfeeling natures reposing in the delicious indifference of an engagement; (ask ——— if it is not.) It is that sublime ecstacy which stirring hot hearts feel when a "nice young man" tre to to an ice-cream; and the gallant is repaid by a "perfect love" of "I thank you, Sir." It is the almost heavenly gaze, when two pairs of eyes stare each other into blank indifference, till their lids fall drowsily, like a dove's cooing its mate. Love is much more than I have time to tell; and is, as the world goes, almost anything but *feeling*. If you would know what love is, keep your heart in the right place, and despair not; but if you desire to be *told* what it is, I question whether your heart will ever recognize the delicious melody should it greet your ear;—such at least is the opinion of YOUR LUNATIC LOVER.

"HOOSIER HALL," Chicago 1855.

Public School Exhibition.

There will be an exhibition of the Public Schools of Chicago, in Metropolitan Hall, this (Tuesday) evening, March 20th, commencing at 7 o'clock.

The exercises will consist of reading, recitations in English grammar, arithmetic and geography, words and declamations, specimens of penmanship and map drawing. The Mayor, Aldermen, School Inspectors, parents and all others interested in the prosperity of our Public Schools, are respectfully invited to be present.

J. C. DORE,
Superintendent of Public Schools.

INDIA RUBBER.—The advertisement of Geo. N. Davis' India Rubber establishment at No. 167 Harrison street, Boston, is worthy of attention. The wonderful variety of useful implements now constructed out of this gum, surpasses belief, except after examination, and any one interested in the progress of the useful arts in this country, will be repaid by a personal examination of Mr. Davis' shop. All manner of garments for protection against weather, of children's toys, of surgical instruments, whips, combs, balls, tubes, etc., can be seen. This class of good is now largely exported to Europe, as the old countries cannot equal the Yankees in this line. One of the most useful fabrics which we saw, was a beautiful "india rubber buffalo robe" of india rubber cloth on one side and a superior woolen blanket with long nap woven in handsome pattern on the other, elegantly trimmed. This is a sure protection against both cold and wet, is very durable and wholesaled at the low price of $10 50.

TO VISITORS IN NEW YORK.—We call attention to the advertisement of Savery's Dining Saloon and Hotel in New York. It is located at a central point near the Daily Times office and is kept with unusual neatness and excellence. Chicago people visiting New York will find it a desirable place to take their meals and be obliged to us for the direction, especially those who have not the time to dwell an hour and a half on the successive courses of the St. Nicholas. The hotel is a new building and agreeably fitted up, where rooms can be obtained at a moderate charge.

We direct attention this morning to the card of AUGUSTUS HAMMOND, Esq., Attorney-at-Law, Galesburg, Illinois, and commend him to those of our readers who may have law business, collecting, etc., to attend to in that section of the State. Mr. H. is a gentleman of ability, talent and skill, and his references place his reliability beyond question.

8th Ward. Andrew B. Nelson, Robert Malcolm, and Michael Lantry, were nominated by Mr. Stickney; F. H. Benson, Geo. F. Foster, and Enos Ayers, were nominated by Mr. Hough.

Some discussion ensued. Mr. Stickney thought it exceeding hard that Mr. Hough had dared to set up an opposition ticket.

Mr. Hough defended his right to nominate any candidate he pleased.

Mr. Sexton also spoke in favor of free nomination. It had been seen that of the three men nominated by Mr. Stickney, but one was an American. It was not proper to permit this state of things, and therefore we have nominated men who are Americans.

Mr. Ashton contended that an no opposition ticket had been presented in any of the other wards, it was discourteous to make one now.

Messrs. Nelson, Malcolm, and Lantry were elected. Place of election, North Market Hall.

REPORTED EXPRESSLY FOR THE CHICAGO DAILY TRIBUNE, BY THE UNION LINE, composed of the HOUSE, MORSE, AND O'REILLY LINES. Office 25 Clark st., ground floor.

Later From Havana.

New York, March 19.

The steamship Cambria arrived at this port this morning. The cases of Pinto, Codalan and Pioelo has been concluded by the military court with the sentence of death to all, thus transcending the decision of the fiscal, which was death to Pinto, ten years' imprisonment to Codalan and banishment for Nicholas Pioelo. Consuls of the different foreign nations have called on the Captain General to induce him to extend his clemency to the unfortunate men, but they were refused admission.

The steamship Princeton and the British war steamer Buzzard were at Havana.

Cincinnati, 17.

Judge Storer's of the Supreme Court had the case of the two negroes brought before him on a writ of habeas corpus to recover their liberty on the ground of their having been brought into the State, under advisement. The trial excited much interest, and the Hon. S. P. Chase and Judge Walker appeared for the slaves.

We had a heavy storm of rain last night. The river is high and now rising rapidly. Now 20 feet in the channel.

LATER FROM CALIFORNIA—GREAT FAILURES.

New York 19.

The Steamer Northern Light arrived off Sandy Hook last evening and reached her dock this morning.

She has San Francisco dates of 20th February brought down to San Juan by the Uncle Sam.—She brings 262 passengers and $92,000 in gold dust.

The news is highly important. Business was entirely prostrated by the suspension of five banking houses. The news of Page & Bacon's difficulties was received at San Francisco on the 17th, causing a great run on that house. They met the run and paid half a million of dollars. A meeting of merchants and bankers who declared the house sound, restored confidence and afterwards matters seemed to wear a better aspect. On the 22d however, Page, Bacon & Co. suspended, followed on the 23d by Adams & Co., Wells, Fargo & Co., Robinson & Co., and Wright's Miners Deposits. The excitement was intense. Adams & Co closed all their branches without paying a dollar except in San Francisco, where on the 22d they stood a run of $200,000.

Wells, Fargo & Co. closed, but their country branches paid as long as their coin lasted, and were still paying as fast as coin could be obtained in exchange for dust and bars. The house announces that they would resume in San Francisco on the 26th.

Note.—John Butterfield, Vice-President and Superintendent of the American Express Co., assures us that the suspension of Wells, Fargo & Co. in California, does not effect the American Express Company in any way.

It was feared that Adams & Co. would not resume under 60 days, if at all.

Page, Bacon & Co would probably resume in a few days, depositors having granted them time on $400,000. Their assets were large.

The heavy failures caused the detention of the steamer until the 26th. Rumors were current of heavy failures among the merchants, but we have nothing authentic on this head.

Owing to the scarcity of water, but little gold had been taken from the mines; but heavy rains commenced falling on the 25th, and still continued when the steamer left.

No election of a United States Senator had taken place yet, the convention having adjourned sine die on the 18th, by a vote of 66 to 44—those voting in the majority were principally the friends of Mr. Gwin.

The news from Kern River is of an exciting character. The miners are said to average ten to twenty dollars per day. Steamers for San Pedro the nearest point of disembarkation for the mines were going crowded with passengers. On the 18th the St. Charles Hotel and Hillman's Hotel in San Francisco were destroyed by fire—Loss $70,000. In Nevada 16 houses were destroyed by fire on the 16th and in Stockton 25 houses; also on the 21st. Indian troubles appear to be on the increase. Some 10 white men and about 70 Indians have been killed. The Mariposa gold mining concern had been attached by the Sheriff. Rodman Backus indicted for the murder of Fred. Odnun had been found guilty of manslaughter. Washington's birth day was celebrated in San Francisco by a fireman's parade and other ceremonies. Owing to the scarcity of coin the recently arrived ships were not discharging.

The steamer Oregon from Panama and the Sierra Nevada from San Juan had arrived up.

The Oregon Legislature adjourned Feb. 1st.

The Washington Legislature had made Olympia the Capital of the Territory.

A letter from the house of Page, Bacon & Co. stated they would certainly resume on the first of March in San Francisco and all their branches.

Sandwich Islands dates to Feb. 1st, but the news is unimportant.

The U. S. ship Portsmouth arrived at Tahiti all well, and would sail direct for the U. S.

Sidney, Australia dates to the 20th December had reached San Francisco.

The riot at Balarat, growing out of the miners' tax, of which we previously had the commencement, resulted in a conflict between the troops and miners, in which 12 miners and 22 of the troops were killed.

The principal consignees of the specie by the Northern Light are: A. Rich 20,000; G. Hussey 13,000; Ross, Falconer & Co. 10,000; W. Selligman & Co. 10,000; Wells, Fargo & Co. 60,000; Baker & Merrill, of Boston, 2,500.

In Central America Chiner is still succeeding, having taken all the towns occupied by the revolutionists, except seven.

At San Juan the people were anxiously looking for Col. Kinney and his party. The British war steamer Devastation, was in the harbor.

The U. S. steamer Fulton left for Jamaica on the ....

In the San Francisco markets business was dull. Quotations exhibited no change.—Hallego & Haxall flour sold at 15, lard 14 1-2 a 16, hams 19, clear pork 24.

Washington, March 19.

Mr. Magraw, the contractor for carrying the mails from Independence to SantaFe, has been sentenced to pay a fine of $100 for the assault on Mr. Hope, editor of the Evening Star of this City. The application for a new trial by counsel of Magraw, has been withdrawn in consequence of his presence at Independence.

Boston, March 19.

The committee of the Legislature on removal of Judge Loring are divided in opinion. There will be two reports. The majority report, drawn up by Mr. Abbot, of Middlesex, is in favor of Loring's removal, is signed by four members of the committee; the minority report, against the removal, is signed by two members. The other member is against the removal, but has not signed the minority report.

Cleveland, March 19.

The motion for a new trial in the Parks case has been overruled. He is sentenced to be hanged on the first Friday in June next.

Norfolk, March 19.

The U. S. Brig Perry has been ordered by the navy department to take out Police officers to the Canary Islands in pursuit of Baker. Extraordinary efforts are making to get her to sea with the greatest dispatch. The U. S. Frigate Columbia, belonging to the home squadron has arrived here.

New York, March 19.

Judge Hall dismissed the libel against the Ill-boarding steamer but gave the usual certificate of probable cause for libel.

Messrs. Wells, Fargo & Co. publish a card this evening, setting forth the solvency of the firm and declaring that every engagement will be met. Their business here goes on as usual.

A letter to the *Herald*, placed on board the *Uncle Sam* as she was leaving San Francisco, says Adams & Co have made arrangements with their creditors within the last half hour to pay 25 cents on the dollar in cash and take assignee paper for the rest. They will be going in two weeks.
